GET WIRED

Connect to learning

Save time and money in commuting costs with GetWired, WECA's state-approved Electrician Trainee Certificate Program for the State of California. GetWired courses are held inside an online classroom using a combination of lecture, presentations, and discussions. Our instructors and curriculum developers are certified electricians and experts in their fields.

Attend classes online (your choice of instructor-led or self-paced); choose hands-on, in-person learning labs or online interactive labs.

WECA GetWired instructor-led classes are conducted online over live webcast in the evenings, allowing Electrician Trainees to attend after work, and without having to travel. Students can also choose courses that include a hands-on electrical lab on a Saturday at WECA's modern training facilities across California. Students who prefer to learn entirely online can choose online interactive labs instead, or even choose to complete the program in an entirely online and self-paced format, on their own time and at their own pace.

For more information on computer specifications for online learning with WECA, visit <http://www.goweca.com/GWtechreqs.aspx>.

THREE WAYS TO TAKE GETWIRED

WATCH VIDEO

1) GetWired Online Instructor-Led with ONSITE IN-PERSON LAB

Attend classes from home, online, at scheduled times 2x per week. Attend one lab on a Saturday at nearest training facility.

2) GetWired Online Instructor-Led with ONLINE INTERACTIVE LAB EXPERIENCE

Attend all classes from home, online, at scheduled times 2x per week. Attend one interactive lab online, led by instructor, at pre-determined time.

3) GetWired ONLINE SELF-PACED

Take all classes from home, online, on your own time and at your own pace. Attend one interactive lab online, at a time and pace of your choosing. An instructor is always available by email for questions.
